

We are looking forward to your booking request to dbrudnitzki@vosssylt.de. Please just send us an email including links that show you performing live - we are not keen on CDs, music files or telephone calls, we hope you understand.

We would kindly ask you to read the following info before you get in touch with us:

The Winterconcerts have been running since Winter 2014/15

<http://www.voss-winterkonzerte.de/>

We use two venues and the artists are asked to play two shows in a row, one in Husum, one on Sylt:

<http://www.vosssylt.de/voss-im-bahnhof-husum/>

Adress: Bahnhofsbistro, Poggenburgstr. 12, 25813 Husum

<http://www.vosssylt.de/friends-promenade-westerland/>

Adress: Friends Bistro, Kurpromenade, 25980 Westerland

The venues are both small. Due to the size of the venues our concerts are focussed on the **acoustic spectrum**, usually performed by solo or duo artists. The performing artists are singer-songwriters whose musical influences reach from pop, folk, country, blues and rock. They have at least one CD release. We expect you to play 3 x 35 min sets with a break of 10 minutes. It should be mainly originals but it's always good to have a couple of covers in the set too. Please be prepared to play a few encores when requested.

We have no green rooms but we try our best to make you feel comfortable and welcome. Of course drinks and food are free for you. The venues are no actual musical venues but the people come for the music. Audiences are around 60 in Husum and very quiet and around 70 on Sylt and rather noisy, still enthusiastic about the music.

We expect you to prepare invoices.
